Affiliated to CBSE New Delhi

News Letter

Vol. 6

October 2010 to March 2011

Dear Parents

How the school is on wheels this we come to know through the news letter. We tried to sum up all the activities in which the school remains involved during 10 Oct., 2010 to 31 March, 2011.

In the session 2011-12, we will promote peace-oriented values with the help of relevant activities. In the coming years we will also emphasize on vocational education because this is to meet the challenges of a globalised economy. To deliver stress free learning we will work together to accept the changes in examination pattern in a positive manner.

We need your support and co-operation for implementing Right to Education Act 2009 in an appropriate manner so that the child may get the maximum benefits from it.

Congratulations and thanks for your unending support for completing academic year 2010-11.

Parveen Kumar Patpatia
Principal

Editorial

Dear Parents,

Education is foundation stone of nation's intellectual power and intellectual property i.e. its educated people only decides about the future of a progressive nation & that is why every nation strives towards improving the intellectual property of their nation by improving the level of imparting education. And we at Thakur Dass Bhargava Sr. Sec. Model School understand it very clearly. So every decision our school's administration takes regarding any sort of change whether it is in method of teaching, new techniques, extra curricular activities are taken with a sole aim of improving the intellectual and exposure level of our students. Our administration, in future has decided to constantly work in the area of improving the quality of education provided and environment in which student-teacher work together so that TDBSSMS which is a center of excellence in school education continue to hold that position.
