Principal's Desk

Time is your most precious commodity. Once you start spending hours of your days only on those high leverage activities and priorities that will advance your life's mission and legacy, every thing will change.

Message

Life is no brief candle for me. It is sort of splendid torch which I have got hold of for the moment and I want to make it burn as brightly as possible to future generations. We are the master of our fate that the task which has been set before us is not above our strength. Its pangs and toils are not beyond our endurance. As long as we have faith in our own cause and an unconquerable will to win, victory will not be denied to us.
