Message

Potentially, each one of you is a superman and a superwoman. All that you need is the insatiable desire to turn this potential into actuality. Success is the result of your own striving and not a gift. Identify your unique qualities and work on them.

Be ambitious, but not an adventurist. Be a self-made person but never usurp others' rights. Shun negativity, accept positivity.

Jagdeep Bhargava

Editorial

Life is short, live it, love is rare, grab it.

Having a positive attitude towards life and by availing the given opportunity, I have tried to provide an outlook of the time that we have spent together, walking up and down, in happiness and sorrow, through the rain and the sun, holding hands together.

To a great extent, such a review is like a tip of iceberg, as usual the large bulk of activities still remains under curtain. There is so much which goes into keeping the wheel moving, much of it is unsung and easily forgotten.

During this time period, with the tireless efforts of school team and the Fabian policies, the air of TDBSSMS bears the fragrance of wisdom, glory of growth, satisfaction of achievements, the splendour of beauty and a vision of hope.

May this transition bring success and growth for everyone and prove a catalyst for the progressing journey of TDBSSMS.
